IMPOSSIBLE™

Impossible™ 植物牛肉以大豆蛋白、椰子油、葵花籽油、馬鈴薯蛋白及大豆血紅素為原料，媲美牛肉的味道、口感及營養，低碳的生產過程對環境破壞減至最低。當您享用植物牛肉時，不但能滿足您嗜肉的慾望，更可為可持續發展生態出一分力。

Impossible™ Beef cooks and tastes like meat from cows but is made from plants. Made from soy protein, coconut oil, sunflower oil, and potato protein, along with Soy Leghemoglobin (Heme) which gives it that beef look and flavour. Impossible™ Beef does not only give you the pleasure from eating beef, but you are also contributing to part of this sustainable

* 螞蟻上樹 是四川省名菜之一，又名肉末炒粉絲，用辣豆瓣醬調味。菜名源於肉末沾在粉絲上，看上去如螞蟻在樹枝上爬而得名。
Ants Climbing in A Tree is a Sichuanese Dish. It is so called because the dish has bits of minced meat clinging to noodles, evoking an image of ants walking on twigs. The dish consists of minced meat, cooked in a Chilly Bean Paste sauce, and poured over bean thread noodles/Sichuan Potato Noodles.
